The separate financial statements are prepared and presented in accordance with all provisions of each standard, circular guiding the implementation of the standard and the applicable accounting regime.

IV. SIGNIFICANT ACCOUNTING POLICIES

1. Foreign currency transactions

Transactions in currencies other than VND during the period have been translated into VND at actual rates of exchange ruling at the transaction dates.

Monetary assets and liabilities denominated in currencies other than VND are translated into VND at the account transfer buying rate and account transfer selling rate, respectively, at the end of the annual accounting period quoted by the commercial bank where the Company most frequently conduct transactions.

All foreign exchange differences are recorded in the separate statement of income.

2. Cash and cash equivalents

Cash comprises cash on hand and call deposits. Cash equivalents are short-term highly liquid investments that are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes.

3. Investments

o Held-to-maturity investments

Held-to-maturity investments are those that the Company's Board of Management has the intention and ability to hold until maturity. Held-to-maturity investments comprise term deposits at banks and loans receivable held-to-maturity. These investments are stated at cost less allowance for doubtful debts.

o Investments in subsidiaries and associates

For the purpose of these separate interim financial statements, investments in subsidiaries and associates are initially recognised at cost which includes purchase price plus any directly attributable transaction costs. Subsequent to initial recognition, these investments are stated at cost less allowance for diminution in value. An allowance is made for diminution in investment value if the investee has suffered a loss which may cause the Company to lose its invested capital unless there is evidence that the value of the investment has not been diminished. The allowance is reversed if the investee subsequently made a profit that offsets the previous loss for which the allowance had been made. An allowance is reversed only to the extent that the investment's carrying amount does not exceed the carrying amount that would have been determined if no allowance had been recognised.

o Investments in equity instruments of other entities

Investments in equity instruments of other entities are initially recognised at cost which include purchase price plus any directly attributable transaction costs. Subsequent to initial recognition, these investments are stated at cost less allowance for diminution in value. An allowance is made for diminution in investment values if the investee has suffered a loss which may cause the Company to lose its invested capital unless there is evidence that the value of the investment has not been diminished. The allowance is reversed if the investee subsequently made a profit that offsets the previous loss for which the allowance had been made. An allowance is reversed only to the extent that the investment's carrying amount does not exceed the carrying amount that would have been determined if no allowance had been recognised.

4. Accounts receivable

Accounts receivable from customers and other receivables are stated at cost less allowance for doubtful debts.

Allowance for doubtful debts are made based on the overdue status of receivables or expected losses on undue debts which may occur when an economic organisation is bankrupted or liquidated; or debtor is missing, running away, being prosecuted, in prison, under a trial or pending execution of sentences or deceased.

Allowance for doubtful debts based on overdue status are made as follows:

Overdue status	Allowance rate
From over (06) months to less than (01) year	30%
From (01) to less than (02) years	50%
From (02) to less than (03) years	70%
From (03) years and above	100%

For overdue debts, the Company's Board of Management also assesses the expected recovery of these debts to determine the allowance level.

Allowance for doubtful debts based on the expected losses of undue debts is determined by the Company's Board of Management after giving consideration to the recovery of these debts.

5. Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on a weighted average basis and includes all costs incurred in bringing the inventories to their present location and condition. Cost in the case of finished goods and work in progress includes raw materials, direct labour and attributable manufacturing overheads. Net realisable value is the estimated selling price of inventory items, less the estimated costs of completion and estimated costs to sell.

The Company applies the perpetual method of accounting for inventories.

6. Fixed assets

Tangible fixed assets, intangible fixed assets are recorded at cost. During their use, tangible fixed assets, intangible fixed assets are recorded at cost, accumulated depreciation and carrying value.

Depreciation and amortisation are computed on a straight-line basis over the estimated useful lives of tangible fixed assets, intangible fixed assets. The estimated useful lives are as follows:

- Buildings and structures	05 – 10 years
- Machinery and equipment	05 – 08 years
- Motor vehicles	06 – 08 years
- Office equipment	03 – 05 years
- Software	03 – 05 years
- Land use rights	41 – 50 years

7. Prepaid expenses

11. Revenue and other income

- Goods sold

Revenue from the sale of goods is recognised in the separate statement of income when the significant risks and rewards of ownership have been transferred to the buyer. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due or the possible return of goods. Revenue on sales of goods is recognised at the net amount after deducting sales discounts stated on the invoice.

- Services rendered

Revenue from services rendered is recognised in the separate statement of income when the services are rendered to customers. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due.

- Interest income

Interest income is recognised in the separate statement of income on a time proportion basis with reference to the principal outstanding and the applicable interest rate.

○ Dividend income

Dividend income is recognised when the right to receive dividend is established. Share dividends are not recognised as income. Dividends received which are attributable to the period before investment acquisition date are deducted from the carrying amount of the investment.

12. Revenue deductions

Revenue deductions from sales of goods and provision of services are arising during the year, including: Trade discounts, sales discounts and sales returns, excluding taxes deductible on revenue as output VAT payable is calculated by the direct method.

Trade discounts, sales discounts, sales returns incurred in the same year of consumption of products, goods and services are adjusted to decrease the revenue of the year in which they arise.

13. Cost of goods sold and services provided

Cost of goods sold reflects the cost of products, goods and services sold during the period.

Allowance for devaluation of inventories is charged to cost of goods sold on the basis of inventories and the difference between the net realizable value and the cost of inventories..

14. Financial expenses

Expenses recognized in financial expenses include:

- Expenses or losses related to financial investment activities;
- Loan and borrowing costs;
- Loss due to changes in exchange rates of transactions related to foreign currencies;
- Provision for devaluation of securities investment.
- Payment discount

The above amounts are recognized according to the total amount incurred during the year, not offset against financial income.

15. Selling expenses/ General and administration expenses

○ Selling expenses

Selling expenses reflect actual costs incurred in the process of selling products, goods, and providing services, including costs of offering, introducing products, advertising products, and selling commissions. , costs of product and goods warranty (except for construction and installation activities), costs of preservation, packaging, transportation,..

○ General and administration expenses

General and administrative expenses reflect the general administrative expenses of the enterprise, including the costs of salaries of the management department's employees (salaries, wages, allowances,...); social insurance, health insurance, trade union fee, unemployment insurance of enterprise management staff; cost of office materials, labor tools, depreciation of fixed assets used for enterprise management; land rent, license tax; allowance for doubtful debts; outsourced services (electricity, water, telephone, fax, property insurance, fire and explosion...); other monetary expenses (reception, customer conference...)

16. Income tax

In accordance with the current tax regulations, income tax is computed and finalised at the end of the annual accounting period. The corporate income tax for the period is calculated by applying the tax rate of 20% to the profit before tax for the period.

17. Department reports

The department report includes a division by business sector or a division by geography.

Department reports by business sector: A distinguishable segment of an enterprise involved in the production or supply of individual products or services, a group of related products or services. This sector has different economic risks and returns than other sectors.

Department reports by geographic area: A distinguishable segment of an enterprise engaged in the production or provision of products or services within a particular economic area. This area has different economic risks and returns than other economic areas.
